

IATEFL Young Learners (Children and Teenagers) SIG

www.iatefl-ylsig.org

Have you always wanted to be part of a larger international community? This is your opportunity to join YL SIG!

The Young Learners Special Interest Group (YLSIG) consists of English Language Teaching professionals around the world who work with learners aged from 3 to 16. We support our members with information on developments in English Language education and by organising networking opportunities. We arrange online discussions, conferences, produce publications and maintain a web site. Membership includes:

- A **community** of like-minded professionals!
- A **bi-annual publication**, *CATS* (Children and Teenagers).
- A very active **discussion List** to help keep you networked.
- A **web site** with web links, downloadable newsletter articles and discussion list summaries.
- IATEFL *Voices*, IATEFL's newsletter, published six times a year.
- Occasional **other publications**.
- **Preferential rates** for YL SIG and IATEFL-organised conferences and seminars
- **Free access** (Platinum Membership) to the entire bank of English Raven materials and resources for teachers of Young Learners and Teenagers.
- Easy access to information about the many events we organise.

Are you ready to grab the opportunity to meet face-to-face with experts in the field? Recent **online discussion fielders** have been Alan Maley, Jaynee Moon, Penny Ur, Shelagh Rixon, Lynne Cameron, Susan Hillyard, Caroline Linse, Brian Tomlinson and many others!
